

Compass Learning Student Completion Report Guide for Parents

Your advisor will generate a student completion report at the end of each week. This report will arrive as an attachment in your email before the end of the day on Sunday. This report is being made available to you to help you track your student's grade and progress through the assigned Compass Learning curriculum. The report is intended for teachers to evaluate student's progress and since you are your student's primary teacher we want to make it available to you.

A note about Engrade: Your advisor will be updating Engrade with your student's final, official grade at the end of each quarter. These updates will occur according to the Bridgeway calendar, not necessarily at the end of your student's quarter which might be different based on your student's beginning date. The Engrade

update is meant as checking in update and your student will not be penalized in any way if they have not reached the end of the current quarter. There is not a required amount of completion due at any time other than the end of the school year and all work must be completed by then. The Engrade updates will be available by the following dates:

- Monday, November 14, 2011
- Monday, January 23, 2012
- Monday, April 9, 2012
- Monday, June 18, 2012 (You will also receive an official transcript from your advisor when coursework is completed. This transcript will show credits earned and your student's GPA as well as grades for each course.)

The Student Completion Report

This is a sample Student Completion Report. You will need the information show in the Grade and Content table to properly interpret this report. Please watch this video for a more detail explanation:

The average score is the average for ALL categories of grades. Your student's actual grade may differ depending on the weights given to different assignment categories. See the Content and Grades Table to determine determine the weight

Odyssey Writer grades will not be shown as those are given a letter grade by the graders and will be converted to a percentage and included in the Engrade Gradebook at the end of each quarter.
